When Jarvis smiles his whole face lights up! Jarvis is a fourteen year old young man with a quiet and compassionate personality. He absolutely loves anything to do with basketball and would sleep with his favorite basketball if allowed!! Like a typical teenager, Jarvis loves loud music, has posters of athletes and singers on his walls and loves baggy clothes. He also likes to work in the garden, cook and help around the house. He loves animals of all kinds, especially dogs.

Jarvis needs a family that can give him lots of one on one attention. He would very much like a family to grow up with.
